

# PASSWORD MANAGER RESCUE KIT

Your secret code is used to sign in on new devices. It is unique to you. It is very important that you store it safely since we cannot recover it for you. Keep this document somewhere safe, to ensure you always have access to your Password Manager login information.

## INSTRUCTIONS

1. Print this document.
2. Record your email address and master password in the boxes below.
3. Store the document somewhere secure and accessible to you, like a safe or vault.

Please contact [support@sudoplatform.com](mailto:support@sudoplatform.com) with any questions.

## EMAIL ADDRESS

Use the box below to record the email you used set up the Password Manager.

## MASTER PASSWORD

Use the box below to record the master password you set up within the Password Manager.
